PLEASE CHOOSE: Vacuum Seal Wrap _____
 Freezer Paper Wrap _____

Please Note: The vacuum seal wrap will add an additional 15¢ per hanging weight pound to your cost. All one and two pound packages of ground beef is wrapped in freezer paper. Higher weights of Ground Beef are packaged in freezer bags.

We recommend a minimum 15% ground beef fat content and you may need to add oil to cook by it. Most second order folks prefer a 15 - 20% blend.
 Bulk beef is sold by the whole beef, half beef, and quarter beef.

REMEMBER: If you make no selection in some areas, you'll still receive that meat as ground (except box 16).

If you order a quarter of a beef, list the items you prefer and we will do our best to meet your request.
 We do custom cut sales also. © 2005 Shenandoah Farms.
